

Wyoming Governmental Affairs Committee

Stewards of advancing the Association’s advocacy strategy through developing and supporting the overall advocacy agenda. Governmental Affairs Committees focus on the commitment to protect and evolve the best operating environment for credit unions at the federal level and in the six states of AZ, CO, ID, OR, WA, and WY, ensuring that credit unions are positioned to serve consumers as distinctive, relevant and trusted partners. Each GAC will offer guidance regarding opportunities and the potential impacts of issues at the state and federal levels. In addition, these committees make policy advancement recommendations to the Association Board as needed and help to create the legislative and regulatory policy agenda in each state capitol and at the federal level.
